

Bring your old computer equipment to help replace those lost due to Hurricane Katrina!

Do you have an old computer, cell phone, phone, fax machine, printer that you no longer use hanging around your house? Many individuals, schools and non-profits have lost all of their electronic equipment due to Hurricane Katrina. There is a non-profit here in Baton Rouge that is working hard to collect this equipment and refurbish it for reuse by those in need. If your company has used computers please consider a donation of this equipment. Please give us a call if your organization needs equipment.

Please recycle your used computer and electronics at the Capital Area Corporate Recycling Council, 800 St. Philip Street.
